

Monospace Font Style Selection on Liquid UI IOS

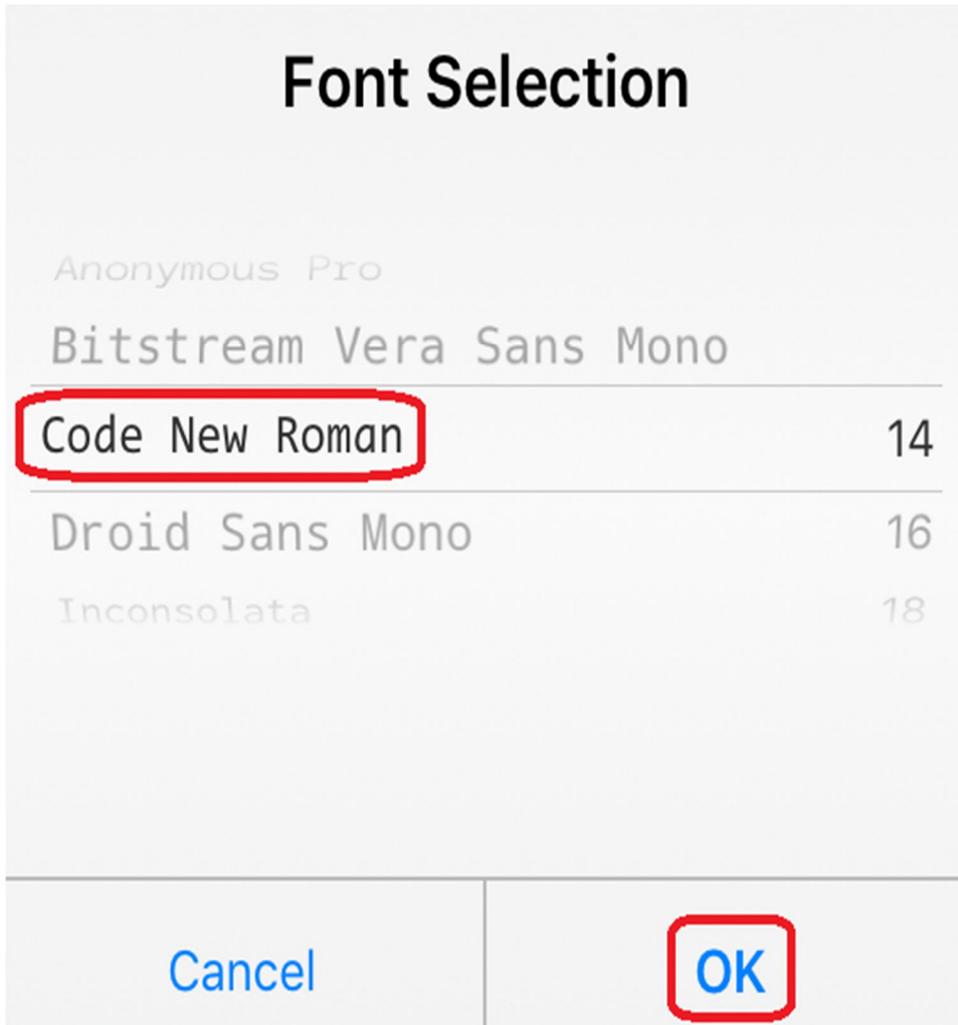

Purpose: To change the font to monospace styles.

Steps:

1. Login to your SAP server.
2. Tap on your Server name to the right bottom corner on the screen and select the option “Font Selection”.

3. On the pop-up “Font Selection”, scroll to select the desired monospace font style and Tap “OK”.

4. The font style will be changed.
