

## Changing Themes On LIQUID UI IOS

### Purpose:

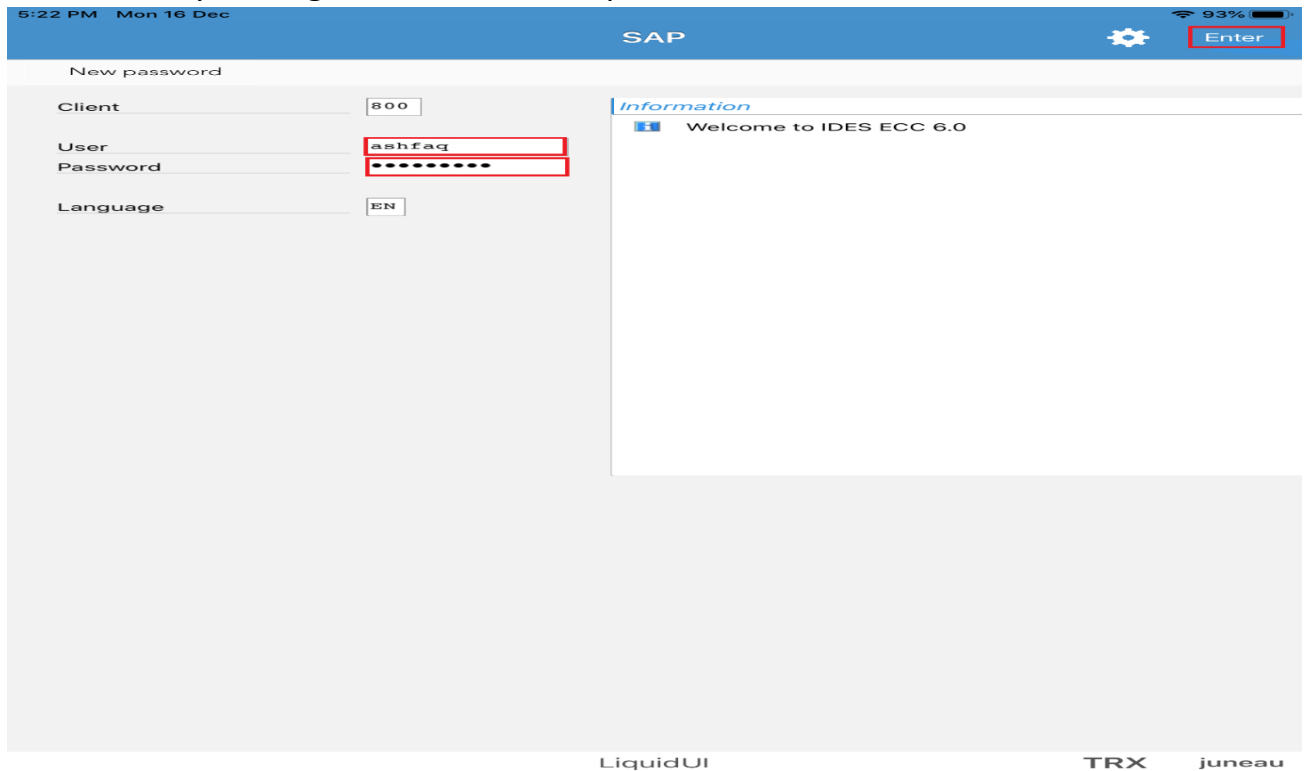

To Change the theme in Liquid UI IOS

### Steps:

1. Open Liquid UI App and Connect to SAP using any Server Connection.

2. Enter your Login Credentials and press Enter.

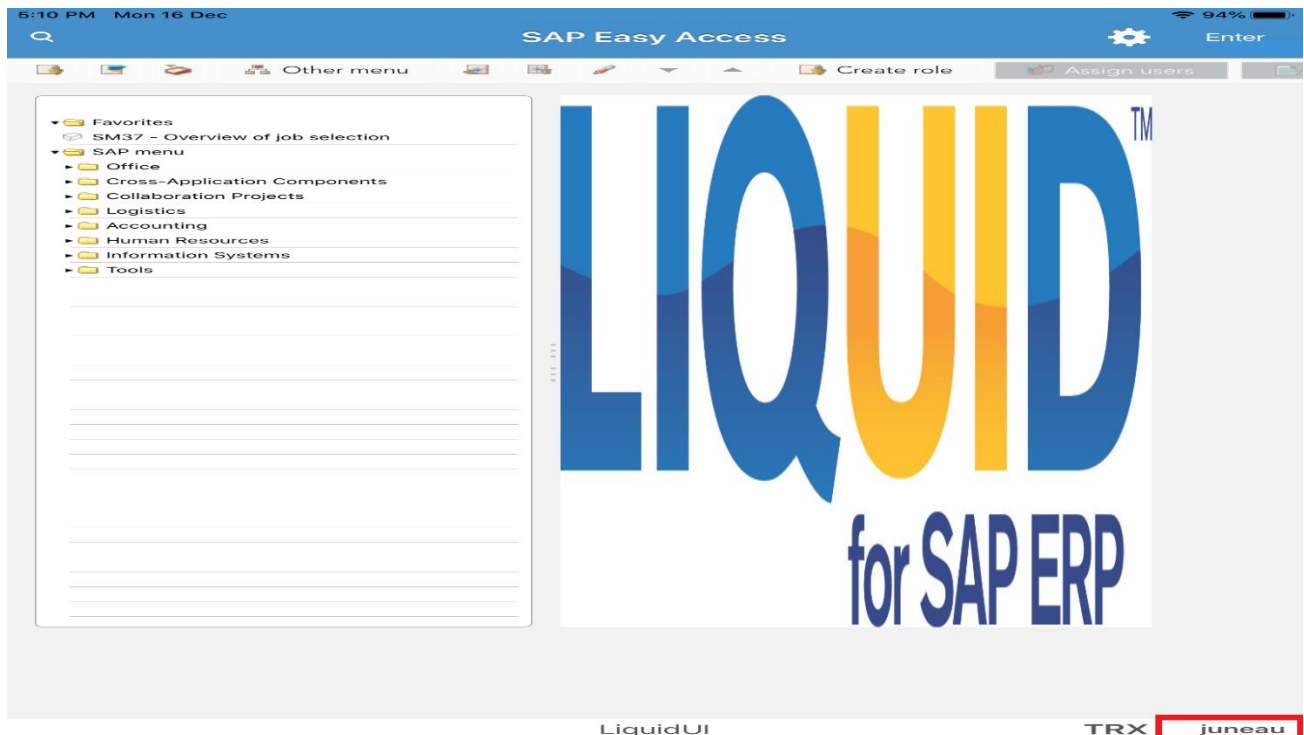

The screenshot shows the SAP login interface. At the top, a blue header bar contains the text "SAP" and a red-outlined "Enter" button. Below the header, the "New password" section is visible. The login fields are as follows:

- Client: 800
- User: ashfaq
- Password: A series of dots representing a masked password.
- Language: EN

On the right side, there is an "Information" section with a "Welcome to IDES ECC 6.0" message. At the bottom of the screen, the text "LiquidUI", "TRX", and "juneau" is displayed.

3. On the right Button of your screen click on the Server Connection as Shown.

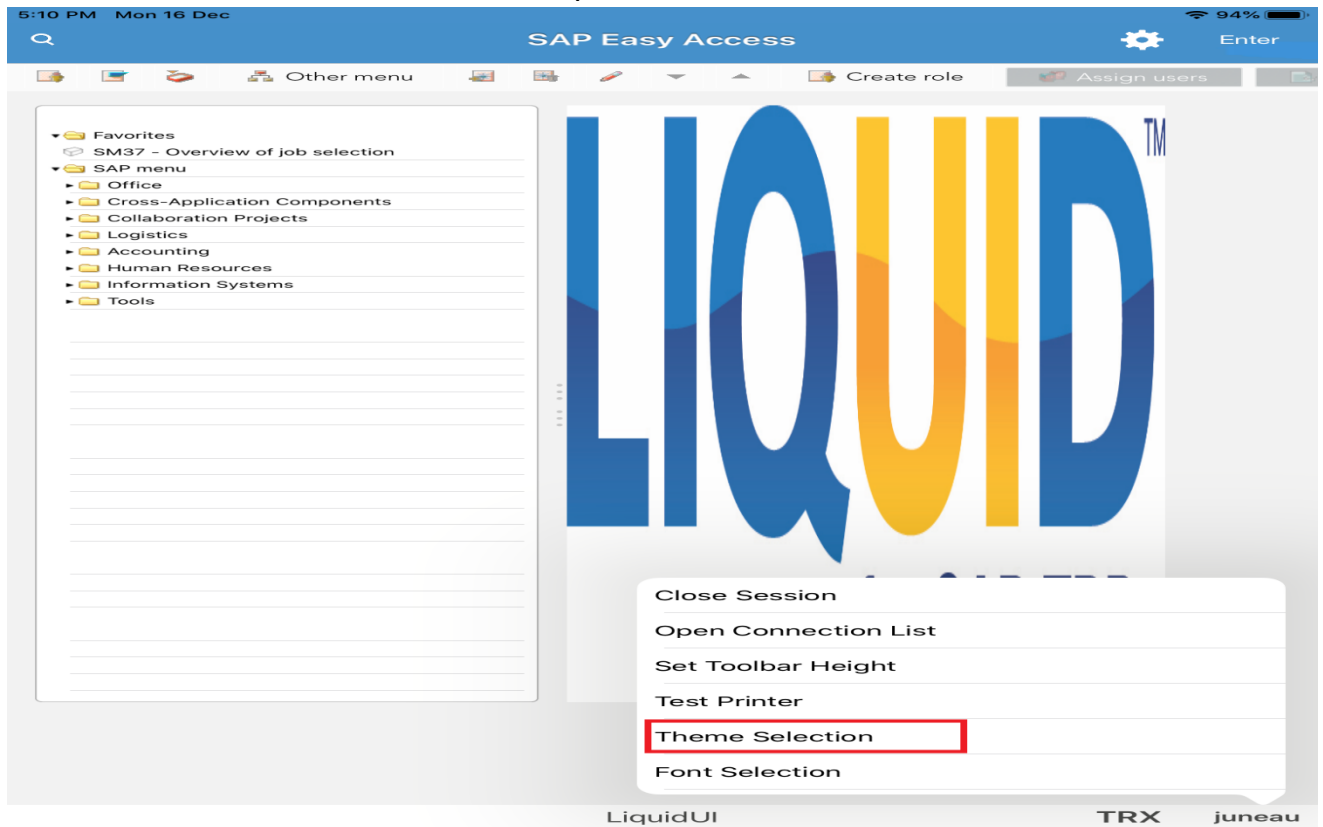

The screenshot shows the SAP Easy Access interface. At the top, a blue header bar contains the text "SAP Easy Access" and a red-outlined "Enter" button. Below the header, there is a navigation menu on the left and a large graphic on the right. The navigation menu includes:

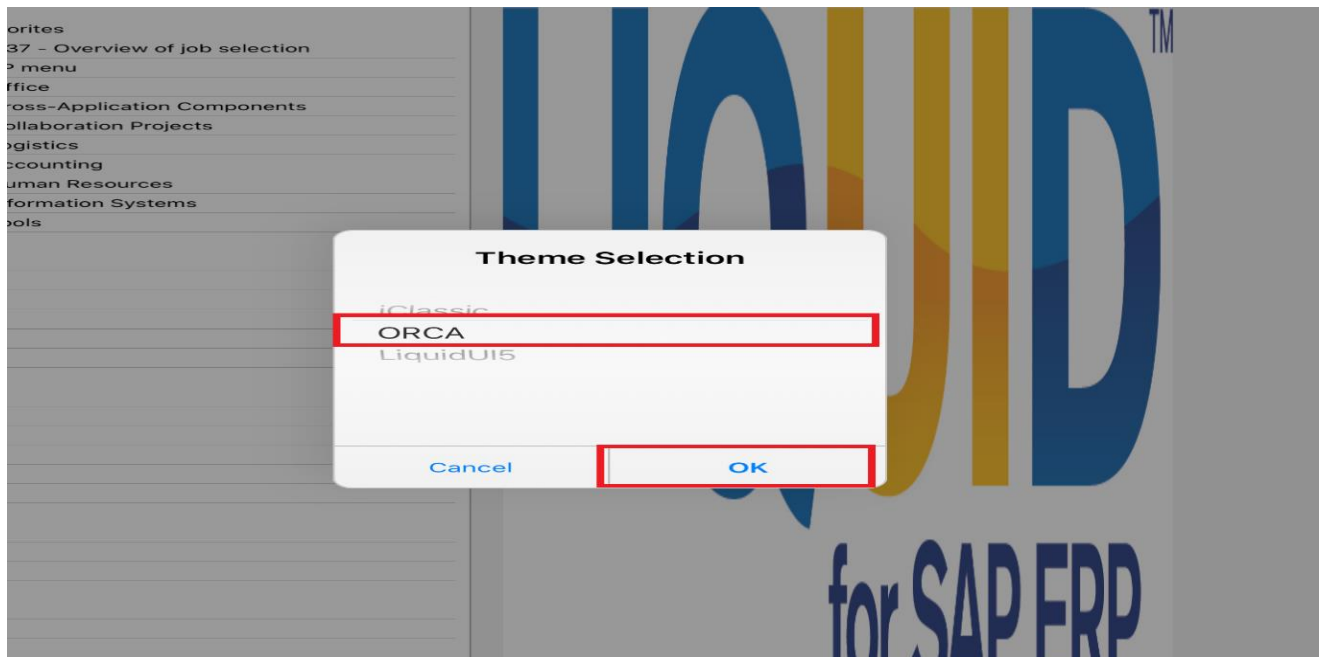

- ▼ Favorites
- ▼ SM37 - Overview of job selection
- ▼ SAP menu
- ▼ Office
- ▼ Cross-Application Components
- ▼ Collaboration Projects
- ▼ Logistics
- ▼ Accounting
- ▼ Human Resources
- ▼ Information Systems
- ▼ Tools

The large graphic on the right features the text "LIQUID for SAP ERP" in a stylized font. At the bottom of the screen, the text "LiquidUI", "TRX", and "juneau" is displayed.

4. Click on the Theme Selection Option.

5. Theme Selection window will Pop-up, Select the Theme and click Ok

## 6. Theme successfully changed
