

Performance Assistant popup on Liquid UI Android

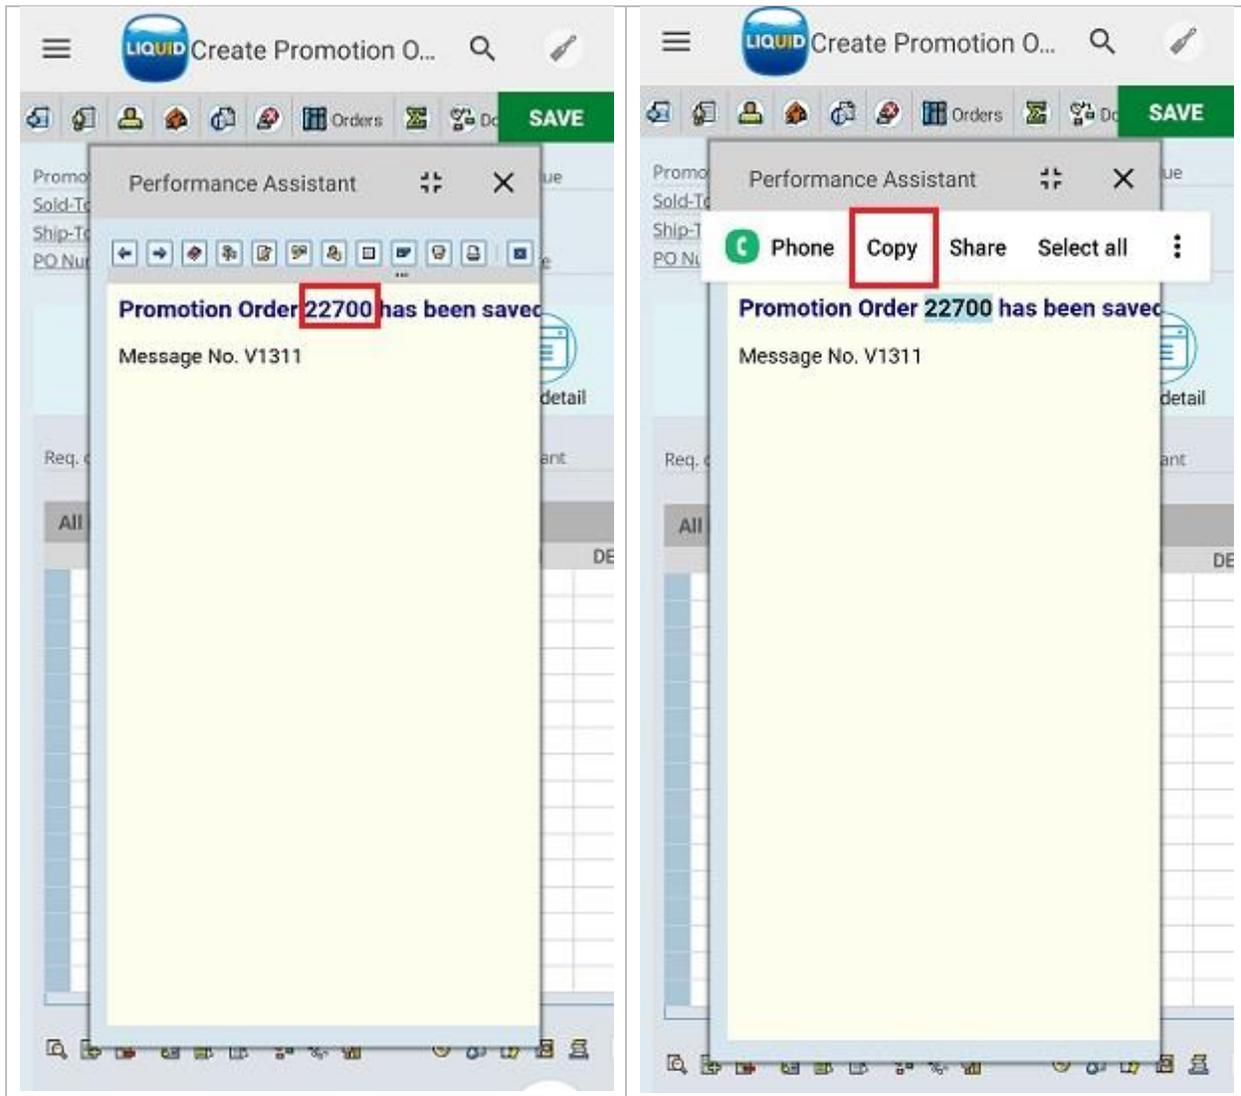

Purpose: Copying the Material Number, Sales Order Number etc., after the successful completion of transaction with the help of performance Assistant popup.

Steps:

1. Launch Liquid UI Android.
2. Connect to your SAP Server.
3. Navigate to any transaction. For example, VA01 transaction.
4. After the transaction is successfully completed, Long Tap on Status Message as shown.

5. You will get a performance Assistant popup which will show the Order Number. Long Tap on the text to copy the Order Number. Tap on copy from the context menu as shown.

Result: You can now paste the Order number in your Excel spreadsheet on your mobile device.

The screenshot shows the Microsoft Excel interface with the following data in the spreadsheet:

SL No.	Date	Sales Order Number
1	8/12/2020	22645
2	8/12/2020	22646
3	9/12/2020	22680
4	9/12/2020	22681
5	10/12/2020	22690
6	10/12/2020	22700

The cell containing '22700' (row 7, column C) is highlighted with a red border. The formula bar at the top shows the value '22700'.
