

Theme Selection in Liquid UI Android

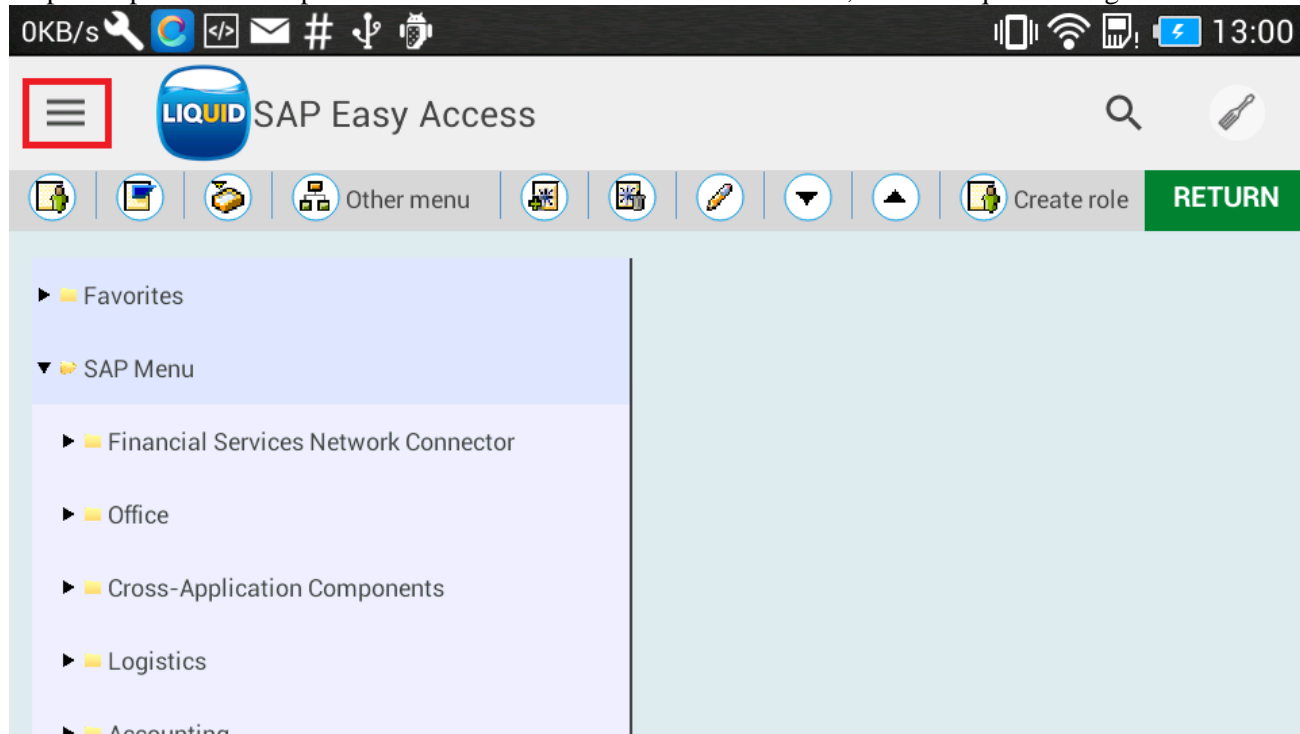

Perquisites:

1. Installation of Liquid UI app on the Android device.
2. Installation of Liquid UI License.
3. Connection to SAP R/3 Server (even demo.guixt.com can be used).

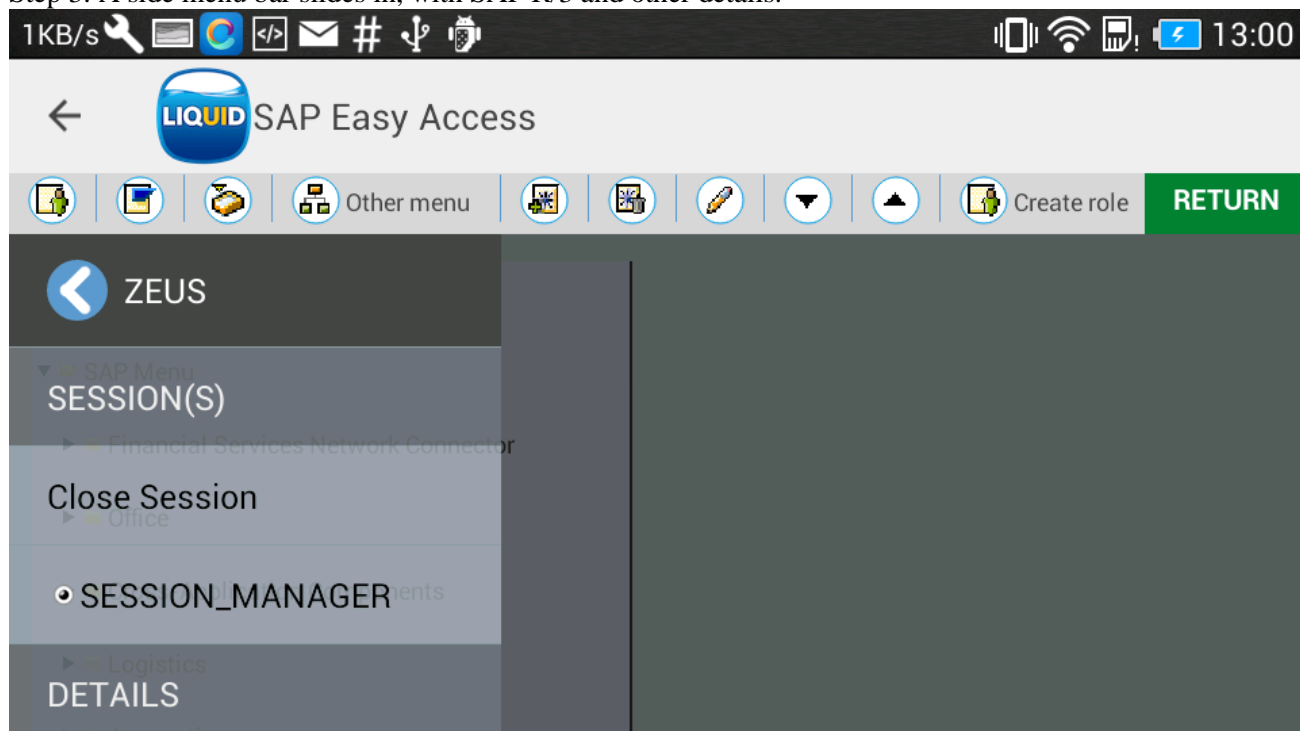

Steps to select a different theme for Liquid UI Android

Step 1: Login to the SAP R/3 connection.

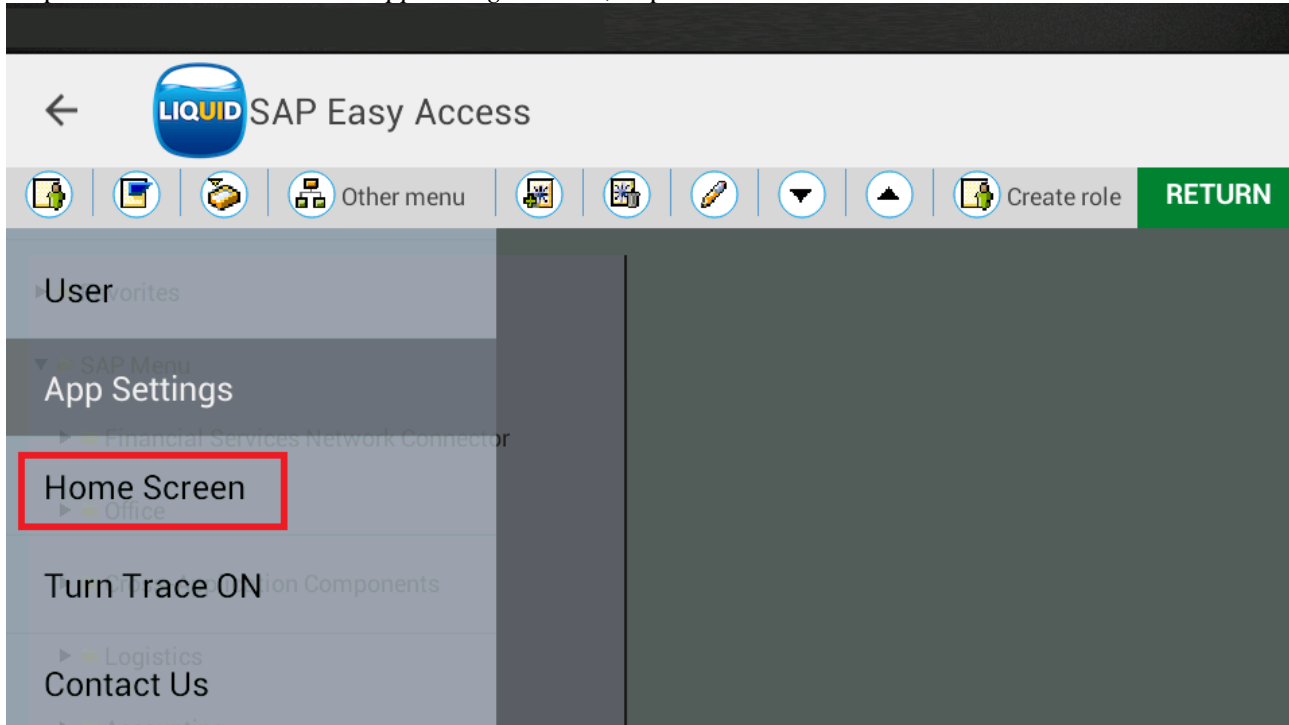

Step 2: Tap on the left top corner of the screen on three horizontal lines, next to Liquid UI Logo.

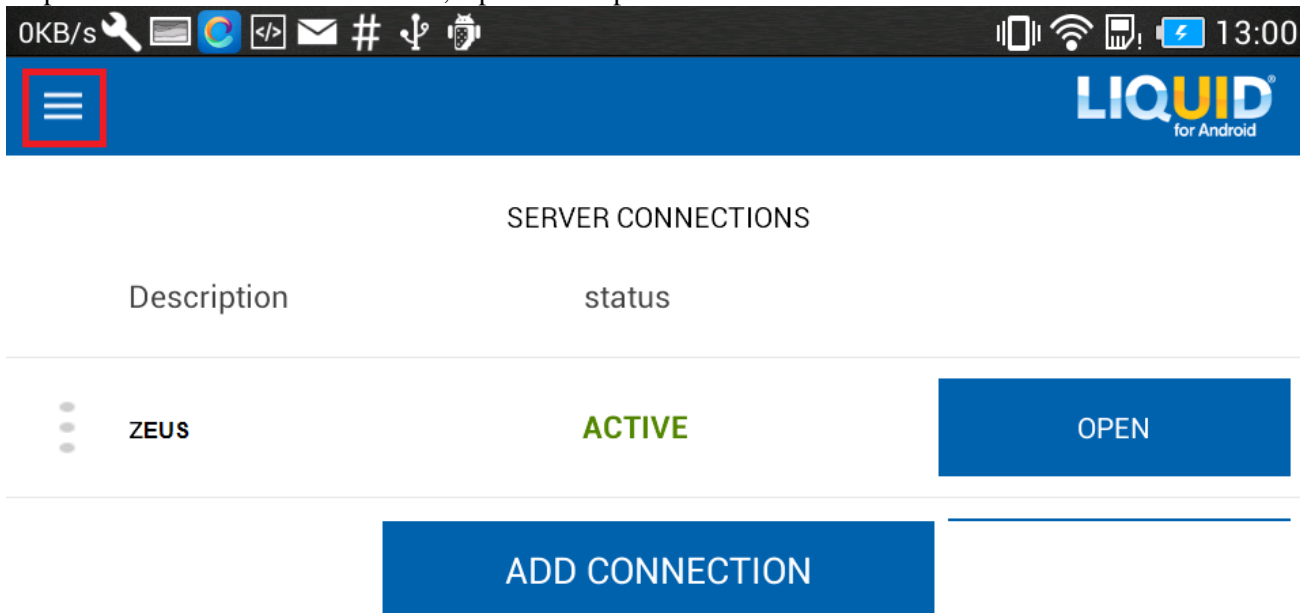

Step 3: A side menu bar slides in, with SAP R/3 and other details.

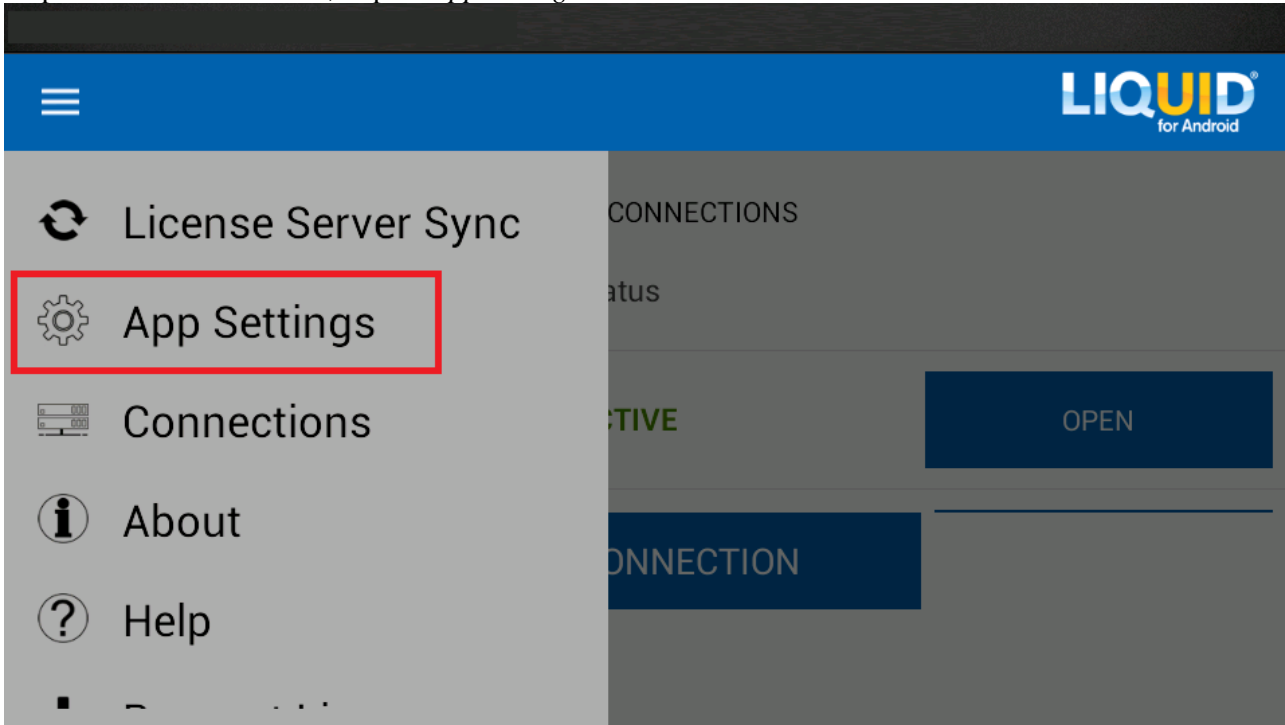

Step 4: Scroll down and under *App settings* section, Tap on *Home Screen*.

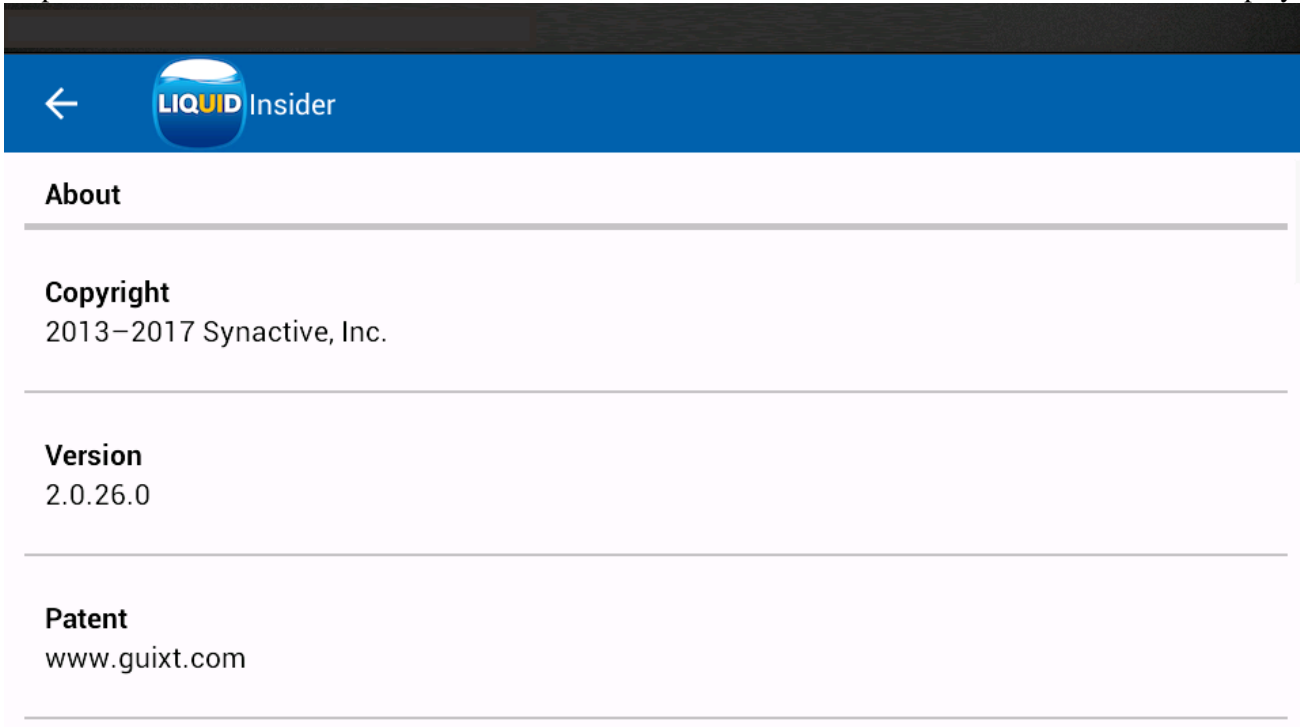

Step 5: On the Connection list screen, tap the left top corner of the screen on three horizontal lines.

Step 6: From the side menu, Tap on *App Settings*.

Step 7: On the *Insider* screen, scroll to the bottom, to find Theme section with the current theme name displayed.
