

Functioning of Arrow Keys on Qwerty key board in Liquid UI Android

Purpose: Achieving Tab functionality using Arrow Keys for an Editable Input Field.

Pre-requisites: Liquid UI Android version 4.0.8.0 and above.

Steps:

1. Launch Liquid UI Android.
2. Connect to your SAP Server.
3. For Example, navigate to VA01 Transaction and Tap on Right Arrow Key on a Qwerty keyboard to navigate to the next Editable input field.

4. Tap on Left Arrow Key on a Qwerty key board it will do a Tab and go to Previous Input Field.
