

Setting on iOS device

The image shows an iPad screen with the Settings app open. The left pane shows the 'Settings' menu with 'GuiXT Liquid UI' selected. The right pane shows the 'GuiXT Liquid UI' settings page. At the top, it says 'ALLOW GUIXT LIQUID UI TO ACCESS' with 'Camera' and 'Notifications' toggled on. Below that, 'GUIXT LIQUID UI SETTINGS' includes 'Dialog Box at Message *' (off), 'Logging' (off), 'Dynamic Grid Control' (on), 'Dynamic Table Control' (off), and 'Start Connection List Screen' (on). A section for 'CONNECTIVITY ERROR' has a 'Connectivity Error Timeout (in seconds)' set to 45. Copyright information is at the bottom.
