

Device Based Licensing on Android Liquid UI.

Purpose: To install Liquid UI Android license through .SY9 License file, when you don't have access for the network.

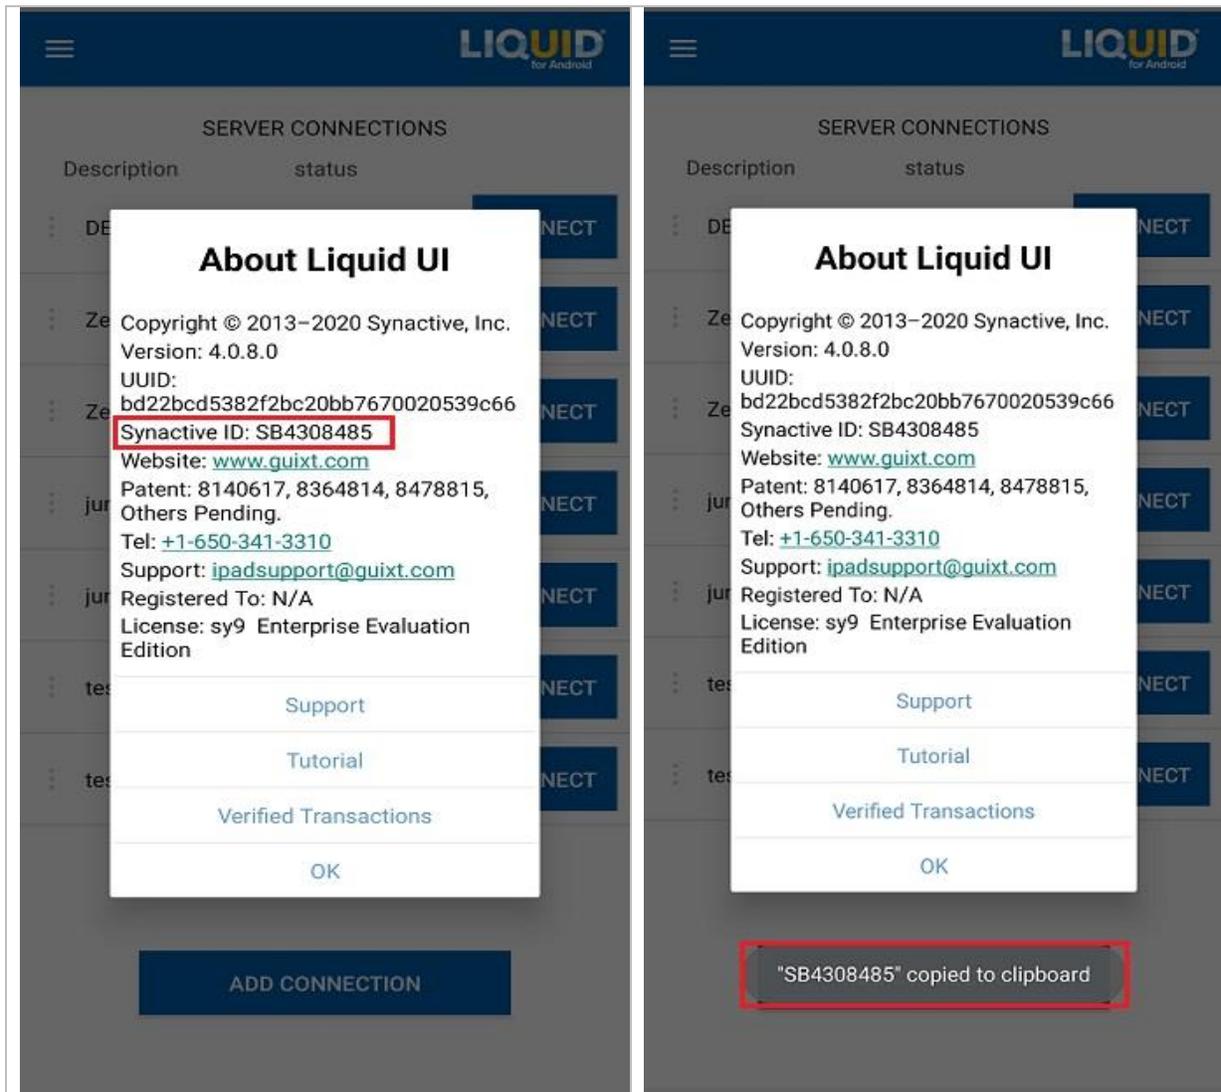

Pre-requisites: Liquid UI Android version 4.0.4.7 or later.

Request for New License:

1. Launch liquid UI Android App and from the Options Tap on (≡) Menu, Tap on About.

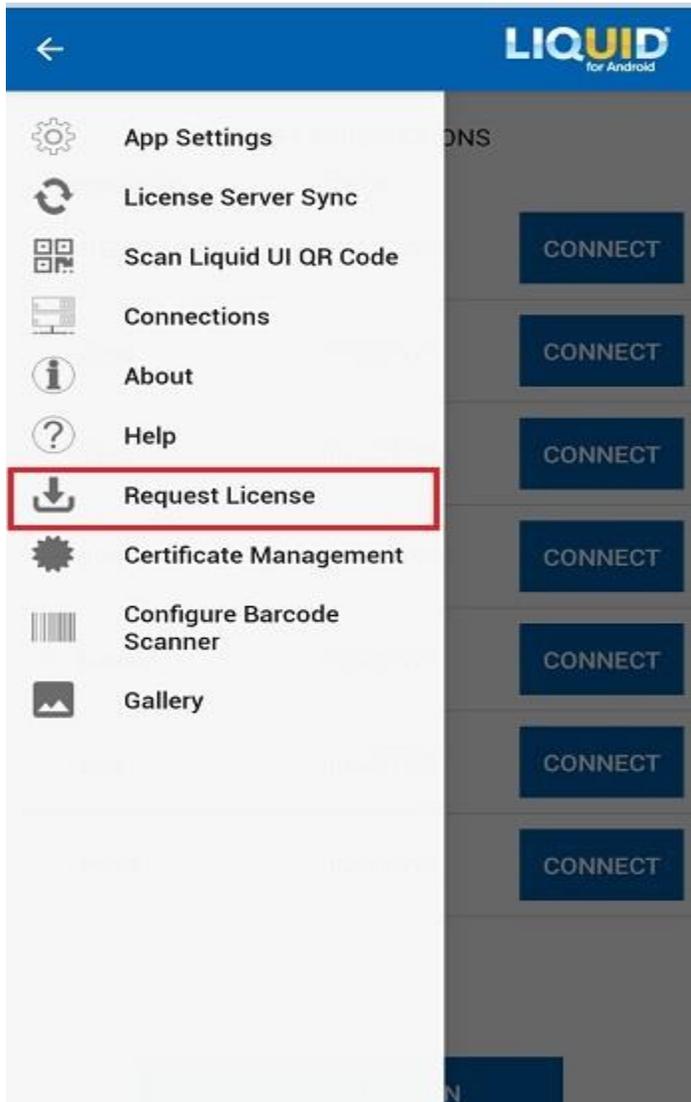

2. Tap on the Synactive ID (SB4308485) to copy the ID to your clipboard as shown.

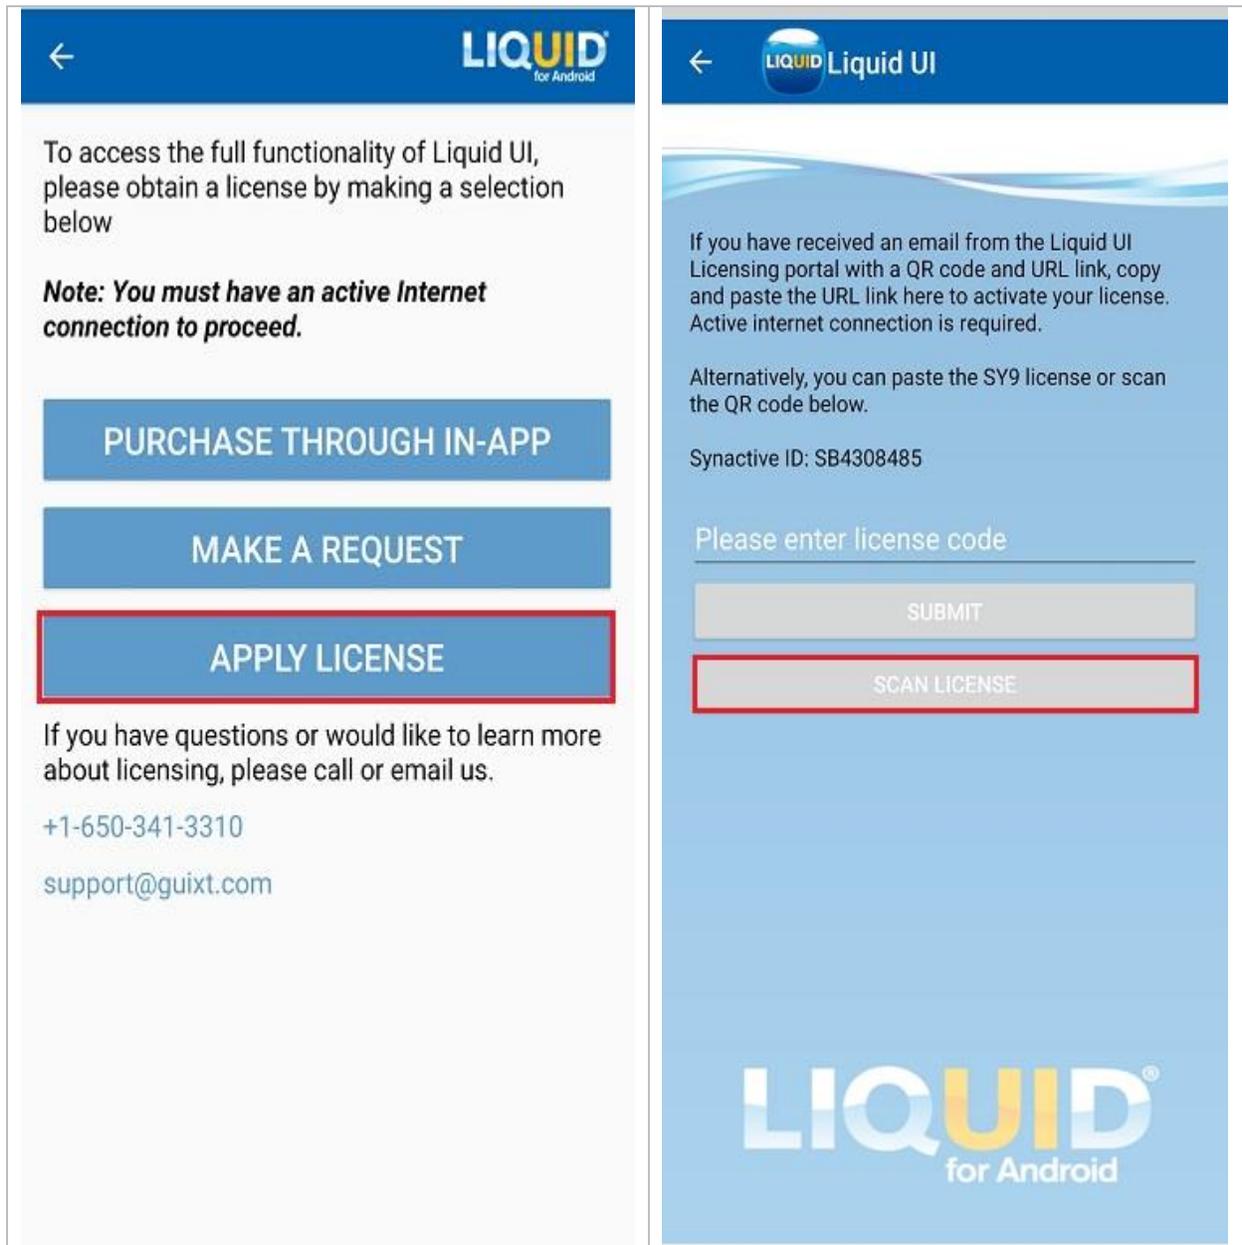

3. Send us an email to support@guixt.com, with the Synactive ID copied from the device as shown above or contact your AE.

Installation of License using the QR code:

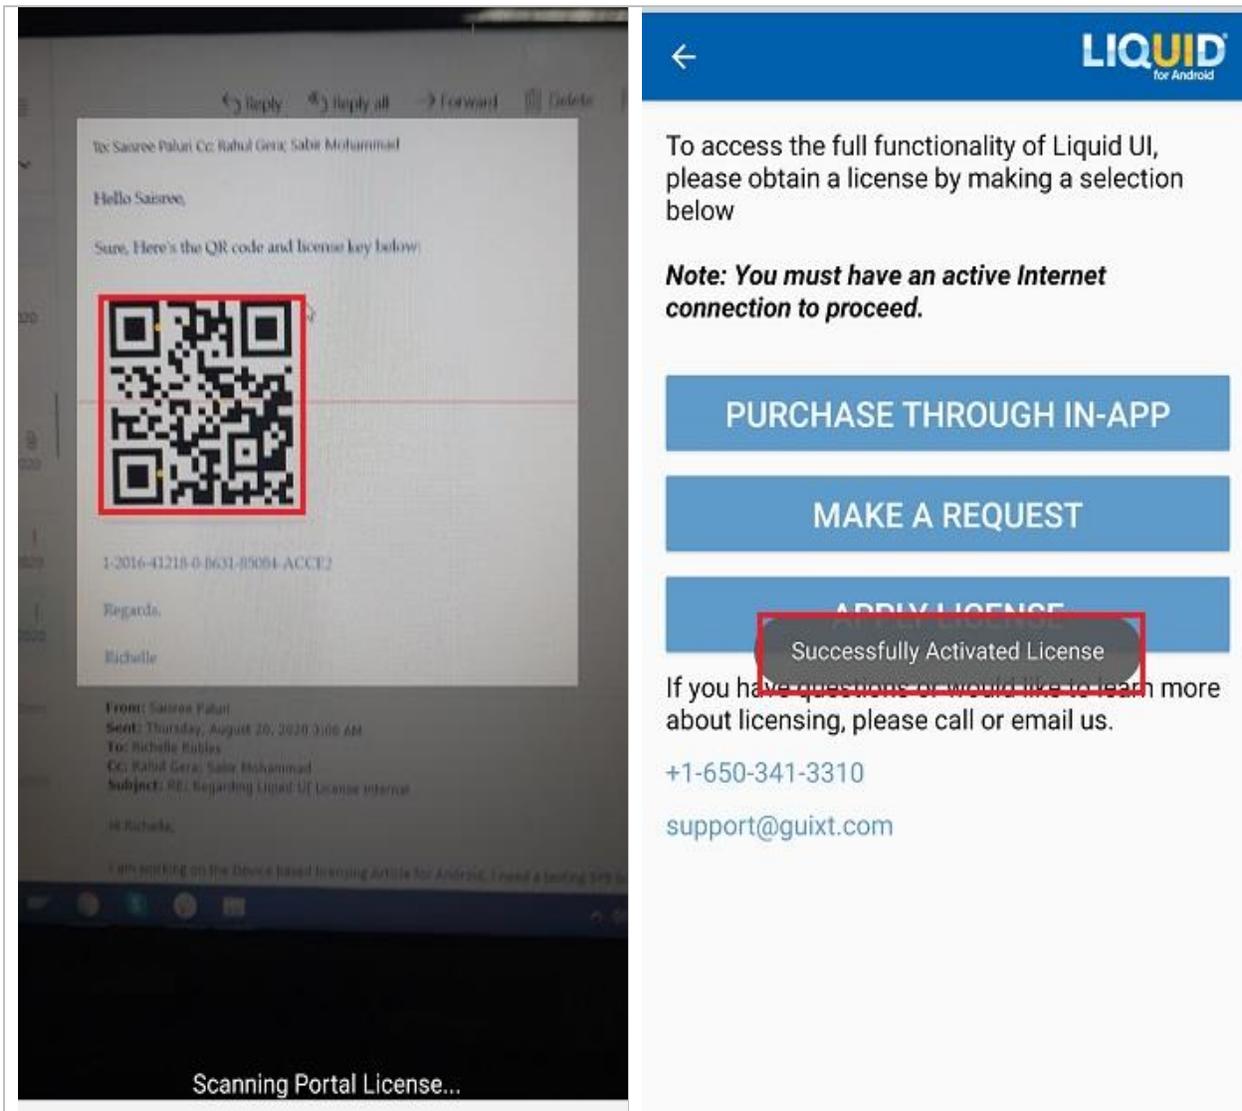

1. You will receive a .sy9 license in QR code format upon requesting Liquid UI through Email.
2. Launch Liquid UI Android, navigate to menu and Tap on “Request License”.

3. Tap on “Apply License” and tap “SCAN LICENSE”, the device's camera will open to scan the QR code.

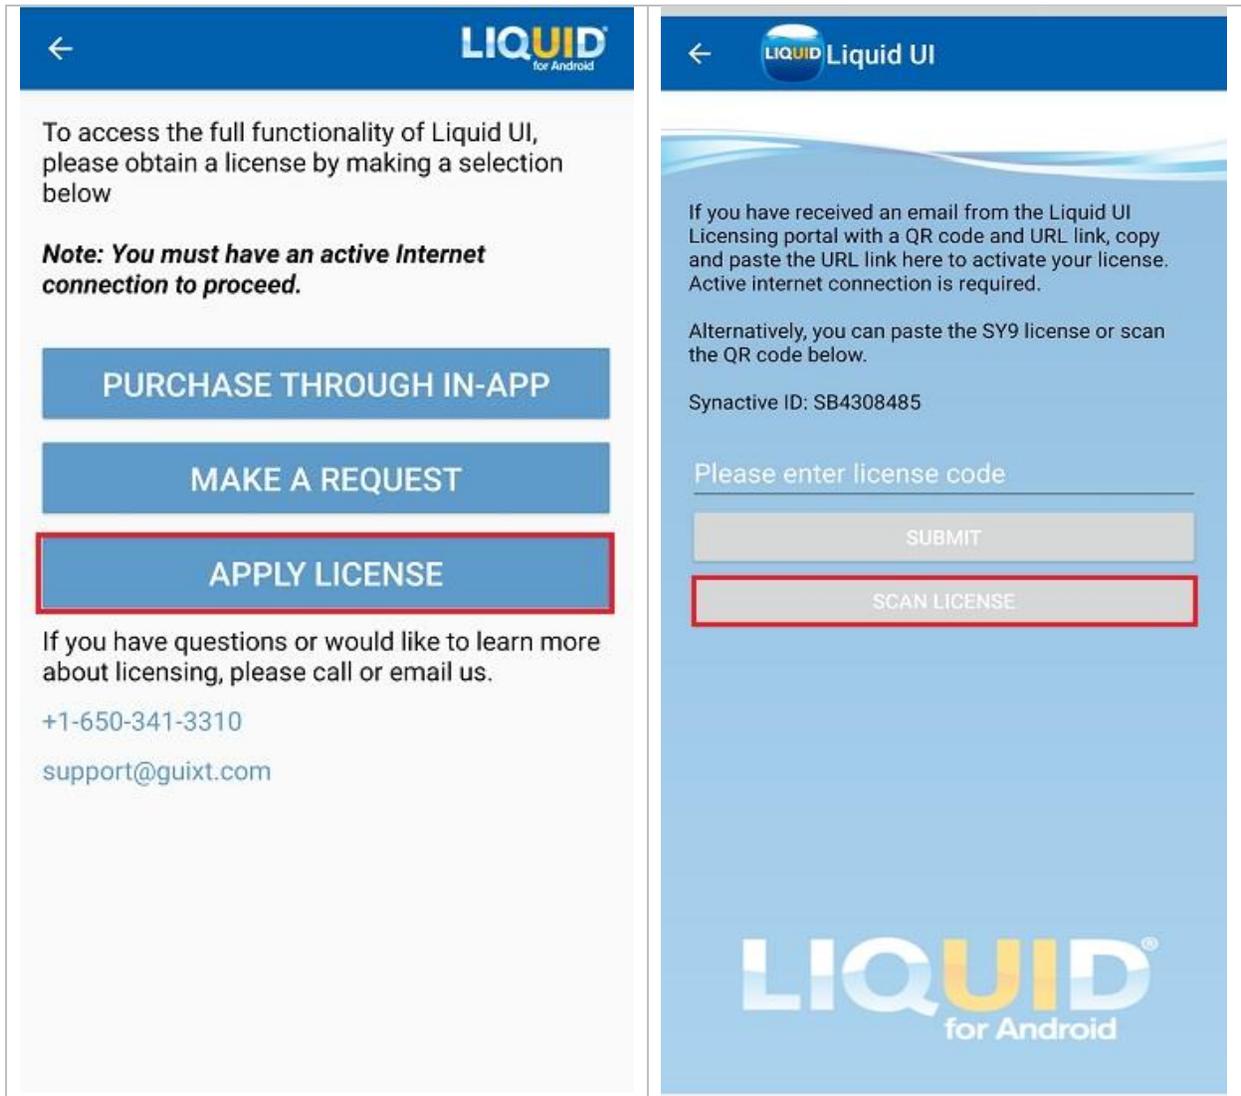

4. After a successful scan, the license will be applied automatically to your Liquid UI Android.

The image shows a composite of two screenshots. The left screenshot is an email from Samsa Palani to Michelle Bibles, dated Thursday, August 20, 2020, 3:06 AM. The email contains a QR code (highlighted with a red box) and a license key: 1-2016-41218-0-0631-85084-ACCE2. The right screenshot is the Liquid UI for Android app interface. It features a blue header with the 'LIQUID for Android' logo and a back arrow. The main content area has a white background with the text: 'To access the full functionality of Liquid UI, please obtain a license by making a selection below'. Below this is a note: 'Note: You must have an active Internet connection to proceed.' There are three blue buttons: 'PURCHASE THROUGH IN-APP', 'MAKE A REQUEST', and 'ADD LICENSE'. A red box highlights a notification that says 'Successfully Activated License'. At the bottom, there is contact information: 'If you have questions or would like to learn more about licensing, please call or email us. +1-650-341-3310 support@guixt.com'. The bottom of the image has the text 'Scanning Portal License...'

Installation of License using a Scan Gun:

1. Once you tap on “Apply License” and it will navigate to the next screen to add the license key and tap “SCAN LICENSE”, point the scanner to scan the QR code.

2. After a successful scan, the license will be applied automatically to your Liquid UI device.

Installation of License using a License Key:

1. Once you tap on “Apply License” and it will navigate to the next screen to add the license key. In the input field, enter the sy9 license key and tap the Submit button.

The image shows two screenshots of the Liquid UI application interface. The left screenshot shows the 'Apply License' screen with a text input field containing the license key '1-2016-41218-0-8631-85084-ACCE2' and a 'SUBMIT' button. The right screenshot shows the 'Successfully Activated License' screen with a confirmation message and contact information for support.

← LIQUID Liquid UI

If you have received an email from the Liquid UI Licensing portal with a QR code and URL link, copy and paste the URL link here to activate your license. Active internet connection is required.

Alternatively, you can paste the SY9 license or scan the QR code below.

Synactive ID: SB4308485

1-2016-41218-0-8631-85084-ACCE2
